SECURE™ Drive + Hardware Encrypted Flash Drive

Your Ultra-Safe Storage Solution

The Imation Secure™ Drive + Hardware Encrypted Flash Drive is an easy-to-use, trouble-free way to protect your most sensitive data. Even if the drive is lost or stolen, your confidential information will always remain secure.

Advanced security with built-in AES 256-bit encryption prevents file access or even visibility without a password and helps you remain compliant with privacy regulations. The encryption and password protection do not allow storage of any content that is not encrypted. Simply plug in your device, launch the encryption application using your unique password, and rest assured that your files cannot be compromised.

Features + Benefits

Strong, AES 256-bit Encryption - the standard developed by the US government to protect sensitive data.
